The presidents report

Another season over with and a new one to begin (sounds like a song title). I think this season has been the best yet, I know I seem to say this every year however with the club steadily growing, with attendances up and the catch rate higher what else can I say. Apart from me getting my car bogged at the second last match I can't think of any major dramas during the year. Because of the increase in the membership numbers several rule changes have been made and you should read them prior to your attendance at the next match. The three major changes are to the points scoring, licence requirements and booking your peg at a match.

The results this year in terms of major events have been quite good with Robin scoring a third in the classic and Sydney teams scoring a forth place in the classic and the nationals. Our crowning glory was the win in the State of Origin series, this result was largely due to John Davis who organised the event and ran the banks.

As for the rest of us congratulations to all the winners and better luck next time to those who missed out on the silverware.

Speaking of winners the club is now in possession of a systems 7 Monday night lotto ticket for 50 weeks commencing June 29th 1998. The lucky numbers are **3, 6, 7, 12, 21, 32, & 44**. The numbers were auto- picked by Howard and the ticket is registered in the SCAC name. Any winnings are to be used to improve the club or facilities. It would be great to have our very own venue, so hears hoping.

On a final note the Trans Tasman and Canberra Classic will take a bit of organising and if you are able to help please help.

See you on the bank

Steve

Match Report For 1997-1998 Season

This season the title proved to be quite exciting to the point that a last minute fish changed the outcome in favour of Steve Scott for first spot against Ron Waits. Also the battle for third spot was decided at the last match with Robin maintaining his gap over Mark Triston. The sections winner was also snatched by Steve again at the last match.

Attendance has again improved: a few people weren't able to come EVERY week as they would have liked but quite a few new members (welcome to you all) bumped up the figures.

The Sydney International Regatta Centre again holds the highest number of contestants with a club record of 20 (It would have been 21 but Simon's car did not want to take him fishing on that day). But Parramatta Park also has a respectable 17 while Canberra had an impressive match with 19 anglers.

Finally the overall weight of fish caught has also gone up to 1480 lb compared with the figure of just over 1300 lb caught last season. Also the average per person per match has increased slightly from 7.7 lb to 8.1 lb. The top catch of Ron from SIRC last year has not quite been matched, but still John Moses produced a remarkable 75.12 lb (at SIRC again) with a massive overall weight of 226.10.08.

This has been again a very competitive and very successful season and I am looking forward to an even bigger and better one next season. See you there.

At a glance	1995-1996	1996-1997	1997-1998
No of participants	154	168	182
Average	12.8	14	15.2

John Alimeni - Match Secretary

TREASURER'S REPORT FOR SYDNEY
COARSE ANGLING CLUB INC. ON
THE 97-98 PERIOD.

WITH THE COMPLETION OF MY THIRD YEAR AS TREASURER AND PUBLIC OFFICER OF THE SYDNEY COARSE ANGLING CLUB INC, I AM FINDING THAT THE CLUB IS GOING THROUGH A FEW CHANGES IE; A CHANGE TOO METRIC; A NEED TOO ALTER OUR MATCH SCORING METHODS; A CHANGE TO OUR LEISURE SCHEDULE; AND ALSO MORE INTEREST FROM MEMBERS TO HAVE EXTRA SPECIMEN DAYS.

ON THE SLATE IS THE TRANS TASMAN NEXT YEAR WHICH WILL BE RUN BY THE S.C.A.C. IN CONJUNCTION WITH THE CANBERRA CLASSIC.

ATTENTION ALL MEMBERS

THOSE THAT DO NOT QUALIFY FOR THE TRANS TASMAN SHOULD MAKE AN EXTRA EFFORT TO SUPPORT OUR CLUB AND COME DOWN TO CANBERRA AND ACT AS OFFICIALS-RUNNERS-AND SUPPORT CREW FOR THE AUSTRALIAN TEAM, AND REMEMBER YOU WILL LEARN MORE IN TWO DAYS IN WATCHING AND OBSERVING AUSTRALIAS AND NEW ZEALAND BEST ANGLERS.

As to our 98-99 season, good luck to all in every event they enter, and a special thanks to bill for allowing us to use his bungalow, with an extra toast to the two lynes for feeding us.

HOWARD - TREASURER - P/O.

FORM A

S.A.S. REPORT SEASON 1997-98

Well it's that time of the year again and reports have to be written to tell you all how well the S.A.S. and other sections went.

I wish I could tell you of some sensational large specimens and that the 100lb match bag was achieved but unfortunately that is not the case, so this report is going to be pretty short.

The season started quite good with an organised Interstate trip to Canberra. I have already written a report on this trip back in July but to cut a long story short, Howard landed a Common Carp for 15lb-8oz, which stands as the seasons best, subject to a claim by Bill for a 4lb-4oz Silver Perch. This will be verified when my scales are checked against the club scales and the S.A.S. qualification list is checked. Bills Perch was caught at Fairfield City Farm, more about that later.

There has been three non metro trips this season that I know of, two in Canberra and one at Fitzroy Falls. The second trip to Canberra included Peter Shires last fishing trip with the club. We had a go at the 5 hour match weight record but with no luck, had some nice Redfin Perch to about 12oz and Carp on all methods but no big ones. All the action was at Tuggeranong Lake.

The trip to Fitzroy was another attempt at the 5 hour match record but once again no luck with that. A few Carp were landed but not in quantity. In the last few months before writing, there has been a few trips to the Fairfield City Farm dam. This little dam has been closed for a time due to Bluegreen Algae but has reopened after an Aerator has been installed in the water. The dam has been stocked with natives and Rainbow Trout only, with a few Eels in attendance.

Bill and Howard have had some good fish from this venue, mostly on maggots and worms with a nice Eel on ledgered tinned Mussel, unfortunately it wasn't weighed.

Two years ago, I was catching Silvers on the feeder with Maggots from this dam to about 2lb, now they are running in the 4lb plus bracket.

This little dam has got good potential for specimen fish and I think we should give it a closer look next season but remember, go midweek as you will get pestered by the locals on weekends.

I've had a few phone calls from members during the season to tell me of trips that they had arranged but I've not received any feed back on how they went or what was caught if any.

Well that's it from me for this season.

John Davis

Round 10 - Parramatta Park - 5 April 1998

Match Report

Today was our first club match at the Park. The upper stretch of the river was chosen because this fished a lot better at the fun match organised with our interstate friends (and rival). Numbers were high with two new members (Mark Bryant and Gaetano Amorosi) being welcomed to the match scene. Actually we just managed to squeeze 17 anglers in it. It would be impossible to fit anymore without sacrificing something. As it turned out it was difficult enough with Ralph and myself having to contend with powerlines over our heads.

The horn signalled the start of the match and timed and we all started to wait eagerly the arrival of the first fish; Danny and I were only meters away from where he had won his section the previous week and we were anticipating a good outcome. Danny managed one good fish that put up quite a fight, but nothing else seemed to be following. Closer to the footbridge we could see the odd fish being caught, but certainly nothing to rave about.

Time was ticking away slowly; very slowly indeed, then around the three hour mark Stewart (two pegs upstream of where I was) landed his first fish on the pole, followed immediately by one caught by John Moses right next to me. I looked at Danny and we both thought that the fish must have started to come down stream so we were expecting the float to bury underwater at any time. But it never did!!! John kept catching, even when his top section of his new pole snapped and had to spend some time to make the pole functional again. Indeed his pole seemed to work even better and the fish never ventured out of his peg. Stewart caught another couple but it was definitely John that stole the show with over 31 pounds of fish. Mark Tristan and I were on either side of John and Stewart but never got a touch.

Downstream were not more exciting: Danny finished with one fish only (of almost 9lb), then the rest was a season of blanks and small weights. Upstream Ron, on peg one managed almost 13lb closely beaten by Colin.

An interesting venue that needs further testing and a smaller number of anglers unless we change the rules to accommodate two fully independent sections with independent scores.

Fluoro.

Round 11 - S.-I.R.C. - 3 May 1998

(Unbelievable) Match Report

After the last match at Parramatta Park, scores were close for first and second position (Steve and Ron) with an outside chance also from third spot (Robin), so it was logical to assume a good match, but no one would have predicted it to be memorable. Indeed it proved to be a match that will not be forgotten for a long time, for a number of reasons. Wet weather had made conditions a bit slippery and we had decided to peg the lower part of the rowing course in order to avoid the weed bank that plagues our usual stretch. So we all parked the cars on the grass way past what normally is our last peg. Steve and I go out to peg for 17 anglers again then the draw followed, as usual. Having done this Steve surveys the small grassy gully, finds a rocky area and advises all to use this path to drive through: then takes his new Commodore and Ploughs in the middle of the gully, far from the area he had originally spotted and Ohhh my goodness the mud!!!!!!!!!!!!!!

What follows is a sequence of failed attempts to move the car. To make things worse the more we tried, the more it sunk, even when it was suggested that the lightest person (ie. I) sit behind the wheel. Steve looks as he had just come out of a mud bath and is fuming. In the meantime even Howard, who had taken a different route, manages to get stuck. But we somehow manage to free him. We then call the security with his 4wd, but he almost gets stuck himself and is unable to free Steve.

As rain is predicted it is suggested that we bring the vehicles back to the tarred area before it gets worst, this means a walk of at least 1.5km so Danny decides to risk all and manages to go past the gully anyway (indeed he used the rocky area that Steve had initially suggested) while Robin simply leaves the car where it was. By now it is quite late and the start is pushed to after 9.00 o'clock with Steve who decides to call a tow truck.

With so many people it is hard to see what they are doing at each end, but there are news of a few catfish being caught, and this is terrific since it is the first time that these fish are caught at this venue. Our Kiwi friend John Draper pays us a visit before his permanent departure to burramandi world. He also brings the news that Steve is still stuck.

At the end of the match there are a few noticeable points. Ron on peg number one has had a blinder with almost 70 pounds of fish. Also the other end peg with John Moses has fired very well with over 48lb, good enough for second spot. In between there are a few respectable weights, a lot of small bass and a lot of good sized catfish. Indeed Stewart had a netfull of them for over 30lb, most of them being over a pound. Just great! On the other hand Steve did most of his fishing from tow trucks, but found casting a bit difficult. He hooked onto some animal that would not give in, and at that

time he was not using the tow truck cable, so he lost the fish. Indeed he spent most of the time chasing tow trucks and ended up with an empty net. Rumours say that when the tow truck eventually arrived, it also got bogged. So another tow truck was called to remove the first tow truck and Steve's car. BUT, when this arrived it ALSO got bogged. So the local ground person arrived with his tractor to save everybody, but not Steve's wallet since he had still to pay for TWO tow trucks.

All these high and lows were not quite finished because we still all had to pack up and WALK back to the cars. And just when you thought that your hard day was finished, here it come Steve saying that Robin cannot start his car and needs someone to drive BACK to his car to jump start it. With most new cars unable to do this without stuffing up the electronics he asks me with my old and faithful Alfa Romeo. So risking to get bogged, and after having pulled my trolley in vain all that distance Robin and I drove back to his car, saved his Ford and droved back very very very carefully: Alfa Romeo 1 - Ford/ Holden 0.

A match that will be remembered for at least three things: the long walk, the catfish and the mud.

What a day!!!

Round 12 - S.I.R.C. - 7 June 1998

(Final) Match Report

For the final match of the year there were some logistic problem to take into account long before the horn was played. Contrary to past years' trend, the impression was that many anglers would have taken part. While in many cases this would have hardly mattered, this last match was scheduled for Parramatta Park due to the recent draining of the Pound. But in there we could not fit more than 16 anglers without risking possible protests. The championship was still open for first spot between Steve and Ron, and also for third spot with Robin having only a four points advantage over Mark T.

A quick round of phone calls ensured that we would have past easily the magic figure of 17 anglers, hence a leasure day was quickly organised for the Pound to check whether any fish was left. While not many, some fish were caught and as usual it would have been quite fair for all. But then the weather decided to change things with torrential rain that washed out the Pound and made the water a nice chocolate brown. So luckily Steve managed to change the venue back to S.I.R.C. again.

Indeed 21 anglers booked a peg for the match: a club record!

The same arrangement as for the last match here: ie. leave the car at the car park and slog it for a mile. A late start again applied if anything else because we needed it to slow our heart rate down before we could tie a hook length. Pegging and draw went without a hitch. The horn went off and the usual bombardment of groundbait followed.

But fish were slow to react, probably due to the rather cold water; whenever you were retrieving your line the maggots were as stiff as when you take them out of the fridge. Noticeably the number of bass was down from the previous match. The same goes for catfish, although Gaetano landed a nice one and that means that he was actually leading the match for quite some time (well done Gaetano). But eventually the carp arrived for some! Stewart on the end peg landed a couple, Bill (who broke the hoodoo) and Howard also landed one. John Moses then landed the most. He seems to have a special feeling with this venue with two wins and a second spot out of five matches here. This time he did with over 42 lb to win the match (not from end and peg) and the knock out series. But the catch of the day belongs to Steve: Ron, one point ahead of him was blanking, and so was Steve, but, here comes the BIG one, with two minutes from the horn, Steve hooks what he thinks is a large turtle, but it turns out that it is a large carp of close to ten pounds landed only second before the end. You can imagine the words that came out of his mouth as he put the fish into the net. Then the circumstances must have taken the best out of him and got incredibly quiet, without moving: from a distance it almost looked like disappointment, to the point

that Ron screamed in joy thinking that he might have lost it. But it wasn't to be, and the championship it's his. Perhaps that luck that deserted him the previous match, came back today to rescue him; then again lady luck this year has helped him on a few occasions making him extra dangerous (for the others). Congratulation to Steve and to Ron (despite the bad luck) for a great championship. Well done also to Robin in third place.

This venue proved again to be unpredictable and erratic with several but interesting enough most of the spots that blanked on the previous match did blank or did quite poorly this time as well. Something to keep in mind if we'll be using the same stretch for our next match.

SCAC LEISURE ROUND-UP

SATURDAY MATCHES

Well a pretty hopeless season on the leisure scene has ended, with only a few of the dates and venues being attended.

The most members attending a leisure date was the first, at Lansdown with 5 members and only a few fish being weighed in. But a Marvellous Bully Mullet of 10lbs was accredited to Robin {Golden Balls} Ballard ably assisted by Bill Childs bread and Landing net.

Apart from this it remained a poorly attended competition, it seems that the leisure days and S.A.S days are really only required for a few staunch trophy hunters, and this is not healthy for the club. So a decision has to be made as to whether the members require these days are needed. One suggestion is to replace the leisure days with another match competition for the members. A full run down on a proposed new Pairs competition will be handed out on the AGM night.

On to other things, the Trans Tasman was well received by all that went, and a good lesson was learnt by the Aussie team DON'T TRUST THE HOME TEAM. We were told a few porkies about the type of fish to expect and bummed out badly we all

fished it wrong as Steve would say. But one good thing that emerged from the trip was that Mr Steven Scott has progressed to knowing how to boil a kettle.

Next year we will teach him how to put the coffee in the cup, later we will teach him how to put the water in the cup but one thing at a time, he is a Geordie don't forget!

Well done to all members that fished the State of Origin. A FANTSTIC WIN FOR NSW. and a very well organised event, thanks have to go to John Davis for the idea and managing of this new competition. Lets hope it doesn't get taken off of him as he has put a lot of work in to this event.

A good season for the club with some good weights at matches and again the top anglers coming through.

Next season maybe we can organise a few weekend trips to Canberra or Newcastle for the leisure fishing I know that a few of you will attend and the quality of time and friendship on these trips is tremendous. We can talk about this at a later date. Tight Lines for 1998/1999 season. Bill Childs.

Four Teams of 2 changed to 3 teams of 3 when Steve managed to get away from home and the teams were picked. The Event started at the SIRC and only one fish was weighed in by Mark.

The Second match was at the Pound.

Howard and I pegged out the stretch. Steve picked 1A which he stated was the worst peg near the boat ramp and it was a waste of time fishing and then went on to catch 33lb of carp and take top honours.

Next was the match at Eagle Vale and the water was still down again only small fish were being caught until Steve caught a larger one.

Last match was at the Parramatta river in the Park when all weighed in.

Steve also fished for every team that had an absentee. so he fished for three teams. But is not in the prizes.

The winning team is Team Carp and consists of

Ron {Got any Paper} Waites
Howdy {Rip Van Winkle} Hill
Mark {More Points} Tristron
They won by a large margin and all credit to them for the way they beat the other Teams.

Dear Peter

I thought that it would be appropriate for the Sydney Coarse Angling Club Inc and myself to extend our appreciation for the tremendous support that you and the staff of the regatta centre have provided for the club competitions. Further to this the following is a summary of our catches and observations that you may find of use.

A total five club matches were fished with two additional attendances for a teams event and the State of Origin event. The two latter events while successful did not form part of the club championship and as such the results were not recorded.

Match Statistics

Month	Attendance	Total Weight	Winning Weight	Type of Fish
July 1997	18	150lbs	45lbs	Carp
October 1997	12	243lbs	75lbs	Carp/Bass
February 1998	16	127lbs	46lbs	Carp/Bass/Catf
May 1998	17	185lbs	70lbs	Carp/Bass/Catf
June 1998	20	95lbs	42lbs	Carp/Bass/Catf

Observations

Generally the attending anglers were very pleased with the performance of the venue with the exception of the ribbon weed which caused some difficulties in the successful landing of fish. Aside from this the fish in this lake would have to be the fittest encountered at any of our venues due to the high standard of water quality.

In October the first Bass was caught and since then have been a regular part of the total catch. Their size ranges ¼lb – ¾lb, currently the Bass are feeding on aquatic insects and small fish probably Australian Smelt. We know this as Bass have the habit of throwing up after capture, it may be possible that they are also feeding on carp fry as we have never caught juvenile carp at this venue. We should be able to confirm this next season after the adult carp have spawned.

In February the first Eel Tailed Catfish was caught and in the May match at least 40lb were taken. We suspect that these fish are from the stocked population and there size ranges from 1 - 2lbs.

In summary the fish population seems to be reaching a balanced state with more diversity and an apparent decrease in the carp numbers. As our association continues with the venue we will keep you informed.

Once again thank you.

A handwritten signature in black ink, appearing to read 'S. Scott'.

Steve Scott President SCAC Inc.

Getting to bottom of a fishy problem

ey breed like rabbits" . . . Australian Water Technologies expert Hardwick tests fish species
Photo: DAVID HILL

by MICHELLE BURRELL

SYDNEY International Regatta Centre's European carp population is "under control", following a successful water management strategy.

However, Penrith Lakes Development Corporation senior engineer Peter McGhee, said the corporation must remain vigilant.

The corporation's strategy is to develop and maintain a healthy aquatic eco-system.

Mr McGhee said carp, which forage at the bottom and stir up muddy water, was a major management issue in rivers throughout the State.

He said they were a problem if left unchecked.

"Last season we started removing the large carp and also introduced Australian bass, fingerlings and also some pregnant Australian catfish.

"The bass are carnivores and eat the young carp and the catfish eat the carp eggs."

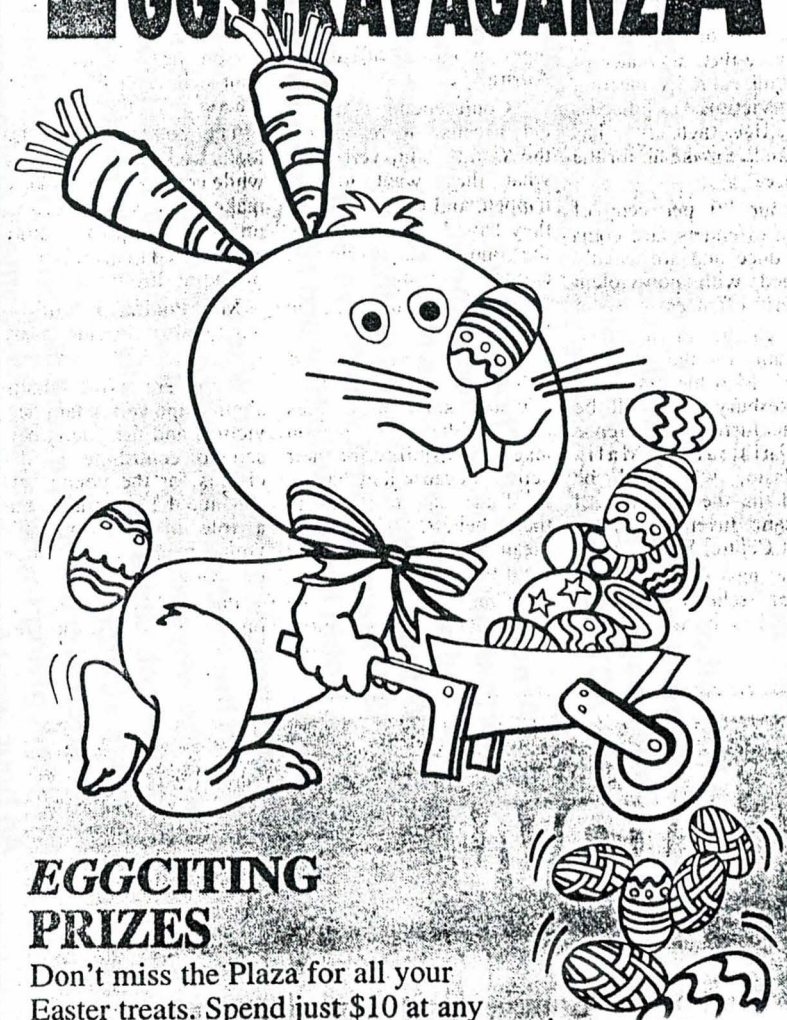

Mr McGhee said an Australian Water Technologies (AWT) survey during the last week had picked up 450 Australian bass, 320 catfish, a couple of eels, a couple of smelt, gudgeons and about half a dozen carp in the lake.

"That's the reason we are excited about it," he said.

"That's an early indication that our strategies are working.

"At the moment they're under control. We will never be able to remove all the carp, but we need to be able to control the population — they breed like rabbits," he said.

STATE OF ORIGIN SERIES REPORT 1997/98 SEASON

MATCH 1 ACT 5/12/97

A little bit of S.C.A.C. history was played out on the afternoon of the 5th December last year, when the first of the three match State of Origin Series began on Lake Burley Griffin in Canberra. It was decided that each State, ACT NSW and VIC were to be host to a match on a venue of their choice.

Dave Arnold, being the "home" Captain, pegged out the bank opposite the normal match stretch, local knowledge was the key factor in his choice and as manager of the NSW team, I must admit I had my doubts on the NSW team getting a result on this stretch.

The NSW team I picked was Steve Scott as captain, Ron Waits, Mark Tristan, Robin Ballard with Howard Hill and Colin Draper as subs and runners

My instructions to the team was to keep an eye on the ACT boys, take note on the methods they were using and when you start to catch let me know the whys and hows via the runners so that the whole team could get in on the act. Quite simple really, as I didn't have a clue to the best way to fish this stretch.

The match started at 2pm and like an old mother hen I was up and down the bank giving the team encouragement and passing on any news. An hour went by, no fish, and I was getting worried, it was stinking hot and no wind, not the best of conditions, then at 3.35pm, Tony Fleming hooked into the first fish of the series, a nice Carp on the waggler.

Things started to hot up when Robin and then Ron netted a Carp each. I ran along the line and passed the news to Steve and Mark. Dave Arnold had one in the net by the time I got back and then Ron had a couple more. Steve and Mark had still to get a bite and Dave Arnold jnr. lost a big fish after a long battle. Robin had his second fish by then and I was looking at two section wins at least.

Steve was desperate for a bite and with about half an hour left he got his fish, three section wins in the bag!

Poor Mark had some real bad luck, he lost a fish at the net, the poor sod worked real hard but failed to weigh.

At the weigh-in, Steve, Ron and Robin had section wins, a great away win for NSW!!!!

End of round one, on to the next match.

John Davis.

AWAY WIN FOR NSW!

MATCH 2 VIC 9/3/98

The next match of the series was to be held over the weekend of the nationals down in bandit country, Victoria. After speaking to Bob Dimock the VIC captain, "Birdsland" was decided for the VIC venue.

As usual, Ralf Czichon and myself drove down to Melbourne in convoy with Colin Draper and Howard. Our plan was to do a bit of shopping at J.V. Marine and then spend a few hours at the venue. The best information we could get was that it is a Roach water.

Now Birdsland has two nice size lakes, but only one is fishable. With our fresh Maggots and bread, Ralf and I set up a Whip and long Pole respectively and it wasn't long before we started to get amongst the fish. Most of the Roach were razorblades but as long as you kept loose feeding you could catch in any part of you swim.

With this snippet of knowledge, I had a pretty good idea how to fish it and what instructions to give to the rest of the team, or so I thought.

The match was to be held on the Monday after the Nationals. I asked Bob Dimock if the match could start early as most of the away team anglers had to be back to work the next day. This and the fact that you can't get into Birdsland until 9am, gave Bob the chance to change the venue to Rowville, a place I and the rest of the team hadn't a clue about.

The only information we could get was that Roach, Tench, Redfin and a few big Carp were in the lakes, I say lakes because there are three very fishable lakes set right in the middle of a very upmarket suburb of eastern Melbourne.

Because of the limited number of anglers from NSW I decided to pick myself in the squad and with Danny Brown, Howard Hill and Ron Waites the NSW team was ready to do battle.

On reflection, it was a bad move for me to be in the team. Apart from the fact that I blanked, I was out of touch from the other team members and unable to pass on and get any help from each other and I think we were very lucky to still be in the lead going into the last leg in Sydney.

It was a home win for the VIC'S, and I can't give you a run down of how the guys went as I was stuck in my swim drowning maggots.

From what little information I gathered after the match, small fish and light tackle was the way to go, I went for the Tench and Carp, big mistake.

As the score sheet shows, the weights were low but no blanks for the VIC'S. Howard won his section with 13oz and Danny got a second with just 2oz!!!

So on to the last leg in Sydney.

John Davis

MATCH 3 NSW 28/3/98

So, into the final match of the series and as home manager, our form on the Rowing course and with the full team back on line, my expectations of a home win to give us the series was high. The NSW team had a two point lead on the VIC'S and a cushion of twelve points over the ACT.

The match was to start at 2pm and with the travelling teams in tow, we headed for the Rowing course. Steve had pegged out his favourite stretch at the boat ramp end and with the draw done, everything was ready for a great days fishing and an easy win for the good guys.

It was a stinking hot day, with not a hint of wind. The tactics were to go for the Carp on all methods except the pole, short and simple.

The draw had Steve at peg C1, next to the boat ramp, a flier of a peg, and a dead cert section win, Robin was on the opposite side in "A" section and was fishing against Stuart, who was fishing for the ACT, another section win maybe, Ron was in "B" section up against Dave Arnold and that dark horse Ralf Hamilton of the VIC'S. That left Mark in "D" section along the normal match stretch and I was hoping he was going to have better luck this time and not blank.

The "Matchman of the Series" comp. was hotting up as well. With only four anglers able to fish all three of the matches and with only one point separating first and third place, the winner would be decided on weight. Into the match and Steve lost a fish first cast, not to worry, this pegs a flier!!!!

Poor Steve, he tried every way in and not in the book but he blanked as did all of "C" section. Mark managed to land a Bass for 7oz, he struggled. Robin started to catch late in the match for 8lb-10oz when he changed over to the Polaris (he lost a few before that) and Ron got a small Carp and Bass for 1lb-4oz.

Once again the Rowing course Carp showed just how fickle they can be, we didn't get a section win but we drew with the VIC'S, both getting eleven points each, NSW WON THE SERIES BY TWO POINTS!!!!!!!

Looking at the results, ACT won the match on ten points with section wins for both Ralf Czichon and Stuart gaining five points from the twelve we had and that dark horse Ralf Hamilton had the best weight of 24lb-11oz. That night we had the presentation and BBQ at my house and the Trophy, with thanks to Cameron Jones was presented to the winning Captain, Steve Scott and the NSW team. Ralf Hamilton won The "Matchman of the Series" Medal with Tony Fleming second, both had four points but Ralf had the best weight of 30lb-1 1/2oz.

Well that's about it until next season, I hope I can stay on as manager and do it again next time.

John Davis

SYDNEY COARSE ANGLING CLUB Inc.

Minutes for meeting May 6th 1998 (Howard's)

Meeting procedure.

1. Those present D Kowalick, J Alimeni, J Davis, B Childs, C Jones, S Scott
2. Absent
3. Visitors
4. Confirmation of previous minutes – J Davis, C Jones

4:3/94-95 Access to venues (submitted S. Scott.)

S Scott informed that the relevant authorities have approved use of Prospect Reservoir, however the Water Board has yet to change the current regulations to allow public access. There is the possibility that the SCAC will be allowed in conjunction with Fisheries to conduct a fact-finding visit in the near future.

B Childs and J Davis are to conduct a door knock of leaseholders in the Campbell Town area.

Action: S Scott B Childs & D Kowalick

1:5/95-96 SCAC Inc. Profile (submitted E Willacy)

Sean Roberts sent letter offering a web site in Canberra while Simon Lodge offered a larger site in Sydney. D Kowalick is to provide the coordination of both sites ie. Local in Canberra and major site in Sydney. S Scott to provide clubs history.

Action: D Kowalick, S Scott, S Lodge, S Roberts.

6:3/96-97 State of Origin (submitted J Davis)

J Davis to provide report on results. Consideration of next year's event is required possibly a one off comp on a neutral site.

Action: J Davis.

1:2/97-98 Changes to match venues (submitted S Scott)

Agreed that short notice changes to the match venue will not occur except when the venue is unfishable. Held over to AGM.

2:2/97-98 Change to match points scoring (submitted M Triston)

Proposal 1 – leave as is

Proposal 2 – change to the equivalent average attendance for this season ie. if on average 14 anglers attend each 97\98 match then the

points awarded for 98\99 season will be a maximum of 14 per match. Further to this a second issue needs to be considered ie. What to do when there are more anglers than the venue can accommodate.

Action: To be discussed at AGM.

4:2/97-98 Metric weighing of fish (submitted H Hill)

H Hill to organise new scales. One set purchased dial to be changed on current set.

5:2/97-98 Value for money AFCAA Inc. (submitted D Kowalick)

Letter sent to AFCAA Inc D Kowalick to report on progress.

6:2/97-98 Invite OS Anglers (submitted J Davis)

J Davis has contacted os magazines and they are willing to attend as long as we pay. They will however publish any article produced on the Trans Tasman and Canberra Classic.

Action: J Davis

7:2/97-98 Two matches at Canberra & Newcastle (submitted J Alimeni)

Both to count towards championship? Drop January match? To be discussed at AGM.

Additional matches to be held for season 98/99 (submitted C Jones)

It has been suggested that additional matches be held for season 98/99. Should they be part of the current championship or a separate comp and or should they replace some of the existing leisure day activities.

Action: Committee to be discussed at AGM.

2:3/97-98 Organisation of Trans Tasman event (submitted S Deans S Scott)

Draft proposal approved by committee and is to be sent to NZ. and AFCAA. A sub committee was formed to coordinate efforts, consisting of H Hill, S Deans, S Scott, and C Jones +D Arnold in Canberra. Sub committee to provide a report.

Action: Sub Committee

3:3/97-98 Attendance at matches (submitted S Scott J Alimeni)

On several occasions this season during the pegging of matches the numbers of attendees has not been known as people have not contacted the match secretary. This has resulted in additional pegs being put in

and has caused good pegs not to be fished and less amenable pegs to be fished. These circumstances have resulted in inconvenience to attending anglers when others have not shown up. It is suggested for the 98/99 season that anglers who wish to participate either contact the match secretary to book a peg or attend the match venue prior to 6.30am to book their spot. If an angler does not comply with these options the angler will not be allowed to participate in the match. Held over to AGM.

Action: Committee

1:4/97-98 SCAC Overhaul (submitted S Scott & others)

In conjunction with the above agenda there have been many suggestions made relevant to the SCAC. Including

1. Reduction of the committee size. Agreed probably 5.
 2. Reduction in the leisure day competition. Agreed probably reduced to 4 venues
 3. A committee position termed special event coordinator. Agreed awaiting nomination.
 4. Tonne up club. H Hill and C Jones to investigate cost of sew on badges for 50 75 & 100 lb or metric equivalent weights.
 5. Dropping of the SAS match comp. Agreed
 6. Change to the team selection methods. J Davis to forward proposal for team selection for Nationals only
 7. Venue listing. Agreed in principle to be confirmed at AGM.
 8. NSW Fishing Licence. To be introduced on July 1st will be mandatory for all club members fishing in NSW to hold a current licence for season 98/99
 9. Section winners trophy to become a major part of current match comp. (As prestigious as knock out etc).
 10. D Kowalick to provide a proposal for a mega one off Saturday pairs event to replace current Saturday comp.
-
5. Correspondence in / out
 6. New Business / General items
 7. Date and time of next meeting – 27th July AGM
 8. Close of meeting 10.35pm.

Signed

President SCAC Inc.

SYDNEY COARSE ANGLING CLUB Inc.

Minutes for AGM June 27th 1998 (Venue B Childs house)

RIDER: *For the purposes of the AGM. all attending members of the SCAC Inc. shall have full voting rites.*

Meeting procedure.

1. Those present

C Jones. M Triston. A Hicks. B Edmonson. J Alimeni. D Woods. J Moses. R Ballard. R Waits. C Draper. S Lodge. J Davis. D Kowalick. R Czichon. H Hill. B Childs. S Scott.

2. Apologies S Deans.

3. Visitors

4. Confirmation of previous minutes

5. Election of new committee.

S Scott (president)

H Hill (Treasurer, Public Officer, SAS & Leisure Secretary)

S Deans (Match Secretary)

D Kowalick (Secretary)

Bill Childs (Events officer)

4:3/94-95 Access to venues (submitted S. Scott.)

S Scott informed that the relevant authorities have approved use of Prospect Reservoir, however the Water Board has yet to change the current regulations to allow public access. There is the possibility that the SCAC will be allowed in conjunction with Fisheries to conduct a fact-finding visit in the near future.

B Childs and J Davis are to conduct a door knock of leaseholders in the Campbell Town area. B Childs & S Lodge to pursue two possible new venues.

Action: S Scott B Childs & D Kowalick

1:5/95-96 SCAC Inc. Profile (submitted E Willacy)

Sean Roberts sent letter offering a web site in Canberra while Simon Lodge offered a larger site in Sydney. D Kowalick is to provide the coordination of both sites ie. Local in Canberra and major site in Sydney. S Scott to provide clubs history. To be completed in near future.

Action: D Kowalick, S Scott, S Lodge, S Roberts.

6:3/96-97 State of Origin (submitted J Davis)

J Davis to provide report on results. Consideration of next year's event is required possibly a one off comp on a neutral site.

Action: J Davis.

1:2/97-98 Changes to match venues (submitted S Scott)

Agreed that short notice changes to the match venue will not occur except when the venue is unfishable.

2:2/97-98 Change to match points scoring (submitted M Triston)

Proposal 1 – leave as is

Proposal 2 – change to the equivalent average attendance for this season ie. if on average 15 anglers attend each 97\98 match then the points awarded for 98\99 season will be a maximum of 15 per match. Further to this a second issue needs to be considered ie. What to do when there are more anglers than the venue can accommodate.

After much debate it was agreed that for season 1998 – 1999 the points scoring system would be as follows.

1. Each match will be allocated 30 points per venue (winner 30 second 29 etc)
2. An angler who fishes a match but does not catch will be awarded 1 point.
3. Unweighable fish will score the equivalent points of the lowest weight on the day.
4. The last 9-selection table will be updated to reflect the new points system.
5. Split matches will not occur and as such Parramata Park can not be included if more than 16 anglers attend the match.

5:2/97-98 Value for money AFCAA Inc. (submitted D Kowalick)

Letter sent to AFCAA Inc D Kowalick to report on progress.

7:2/97-98 Two matches at Canberra & Newcastle (submitted J Alimeni)

Both to count towards championship? How many matches could be dropped during the season? Drop January match? To be discussed at AGM.

The following was agreed

- Canberra and Newcastle will have 2 matches both staged on one weekend ie one weekend in Canberra and one weekend in Newcastle.
- The above matches will count for the championship.
- The best 11 from 13 matches will decide the championship.

2:3/97-98 Organisation of Trans Tasman event (submitted S Deans S Scott)

Draft proposal approved by committee and is to be sent to NZ. and AFCAA. A sub committee was formed to coordinate efforts, consisting of H Hill, S Deans, S Scott, and C Jones +D Arnold in Canberra. Sub committee to provide a report.

Action: Sub Committee

3:3/97-98

Attendance at matches (submitted S Scott J Alimeni)

On several occasions this season during the pegging of matches the numbers of attendees has not been known as people have not contacted the match secretary. This has resulted in additional pegs being put in and has caused good pegs not to be fished and less amenable pegs to be fished. These circumstances have resulted in inconvenience to attending anglers when others have not shown up. It is suggested for the 98/99 season that anglers who wish to participate either contact the match secretary to book a peg or attend the match venue prior to 6.30am to book their spot. If an angler does not comply with these options the angler will not be allowed to participate in the match. Held over to AGM.

It was agreed that the following rule will be applied.

An angler must contact the match secretary or other committee member to book their peg or attend the venue prior to the pegs being put in the ground. If an angler fails to comply with the above they will not be allowed to participate in the match.

Action: Committee

1:4/97-98

SCAC Overhaul (submitted S Scott & others)

In conjunction with the above agenda there have been many suggestions made relevant to the SCAC. Including

1. Reduction of the committee size. Agreed probably 5.
Agreed
2. Reduction in the leisure day competition.
Agreed reduced to 4 venues
3. A committee position termed special event coordinator.
Agreed Bill Childs
4. Tonne up club. H Hill and C Jones to investigate cost of sew on badges for 50 75 & 100 lb or metric equivalent weights.
Agreed
5. Dropping of the SAS match comp.
Agreed
6. Change to the team selection methods. J Davis to forward proposal for team selection for Nationals only.
The following was agreed, for the National Championships only that the attending anglers will decide the team selection. Should there be any disagreement as to who fishes with whom the last 9-selection table rule will apply.

7. Venue listing.
Agreed.
8. NSW Fishing Licence. To be introduced on July 1st will be mandatory for all club members fishing in NSW to hold a current licence for season 98/99
9. Section winners trophy to become a major part of current match comp. (As prestigious as knock out etc).
Agreed.
10. D Kowalick to provide a proposal for a mega one off Saturday pairs event to replace current Saturday comp.
Agreed.
11. Purchase of weekly lotto ticket. All money received from winning tickets to be retained by club with the view of purchase of venue and or other. Price, systems 7 lotto 1 night for 50 weeks is approx \$90.45. This would be undertaken at no additional cost to members.
Agreed.
12. D Brown proposed via M Triston that matches be extended to 6 hours.
Agreed.

6. Correspondence in / out
7. New Business / General items
8. Date and time of next meeting
9. Close of meeting. 10.20pm.

Signed

President SCAC Inc.
